Entered according to Act of Congress in the year 1929 by Detroit Decorative Supply Company,
in the office of the Librarian of Congress at Washington.

Foreword

THE constant demand of architects, designers, builders and craftsmen of the plastering trade has made it imperative that we issue a catalogue illustrating some of our models.

For forty years it has been the tradition of the designers and craftsmen of our studios to produce and develop beautiful ornamental plaster work for all types of buildings.

When reviewing this book you will notice that artistic work need not be expensive, since the realm of the artisan lies well embedded in an organization known for its ability to produce classic and modern ornamental plaster work at reasonable prices.

We render service by taking measurements, making scale and working drawings, and producing casts that make it possible for the practical craftsman to erect work at a minimum expense.

We shall be pleased to place our designing staff at your service to advise and assist you with our knowledge and experience. Special work receives our attention, as we not only follow the architects' details, but carry out any suggestion or original idea.

It is our hope that this catalogue will lead you to become an interested promoter of our work.

DETROIT DECORATIVE SUPPLY COMPANY

TERMS AND CONDITIONS

All prices given are subject to discount, and are F. O. B. Detroit, Michigan.

The prices are for reasonable (room) quantities, and not for single ornaments except where single ornaments only can be used.

Always send quantity required when requesting prices, as the discount is governed by the quantity.

Unless it is otherwise noted, all prices are based upon the ornaments being made in plaster. For other materials, apply for prices.

Our terms are 30 days net or 2% discount for cash in 10 days from date of bill.

HAND MODELED PLASTER WALL SURFACE NO. 1

This plaster wall surface, composed of large ornaments arranged geometrically, is one method of obtaining an interesting background.

The relief of the ornament is sufficiently low to make it practical.

A sample of this may be seen in our new showrooms.

Send size of room and height of wall for estimate

The ornaments listed on this plate can be executed to fit various size panels. If you have odd size panels to make, send us the dimensions and we will make drawings and quote you prices for same.

When compo is shipped in a flexible state, it should be applied within a few days. The wall should be first canvassed and then the compo well glued and nailed in place. Always use thin wire nails.

We also furnish compo nailed on 3-ply veneer background sawed out, wood less than 1/4" thick and same should not be removed until ready for use. The compo so furnished is best adapted for walls hung with silk or tapestry, but can be used if necessary on any unprepared wall.

Extra charge made for compo supplied on sawed out 3-ply veneer.

Wood mouldings are usually used for connecting panel ornaments and when desired we are prepared to furnish and quote prices for same.

Instructions for applying compo sent out with every shipment.
